01 Health and safety policy

Alongside associated procedures in 01.1 to 01.21 Health and safety, this policy was adopted by Culham After School Club LTD on 01 Sept 2021

Designated Health and Safety Officer is: Ruth Mullen

Aim

Our provision is a suitable, clean and safe place for children to be cared for, where they can grow and learn. We meet all statutory requirements for health and safety and fulfil the criteria for meeting the Early Years Foundation Stage Safeguarding and Welfare Requirements.

Objectives

- We recognise that we have a corporate responsibility and duty of care towards those who work in and receive a service from our provision. Individual staff and service users also have responsibility for ensuring their own safety as well as that of others. Adherence to policies and procedures and risk assessment is the key means through which this is achieved.
- Insurance is in place (including public liability) and an up-to-date certificate is always displayed.
- Risk assessment is carried out to ensure the safety of children, staff, parents, and visitors. Legislation requires all those individuals in the given workplace to be responsible for the health and safety of premises, equipment and working practices.
- Smoking is not allowed on the premises, both indoors and outdoors. If children use any public space that has been used for smoking, members of staff ensure that there is adequate ventilation to clear the atmosphere. Staff do not smoke in their work clothes and are requested not to smoke within at least one hour of working with children. The use of electronic cigarettes is not allowed on the premises.
- Staff must not be under the influence of alcohol or any other substance which may affect their ability to care for children. If staff are taking medication that they believe may impair them, they seek further medical advice and only work directly with children if that advice is that the medication is unlikely to impair their ability to look after children. The setting manager must be informed.
- Alcohol must not be bought onto the premises for consumption.
- A risk assessment (01.1a Generic risk assessment) and access audit (01.1b Access audit form) are carried out for each area and the procedure is modified according to needs identified for the specific environment.

- Risk assessments are monitored and reviewed by those responsible for health and safety.

05 Promoting inclusion, equality and valuing diversity policy

Alongside associated procedures in 05.1 Promoting inclusion, equality and diversity, this policy was adopted by Culham After School Club LTD on 01 Sep 2021

All early years settings must consider and meet relevant employer and service provider duties as set out in the Equality Act (2010). Those in receipt of funding must eliminate discrimination including indirect, direct discrimination, discrimination and harassment based on association and perception and discrimination for reason relating to a disability or by failing to make a reasonable adjustment to any provision, criterion, or practice. This duty is anticipatory. Settings must advance equality of opportunity and foster good relations with individuals and groups with protected characteristics namely disability, race (ethnicity), religion and belief, sexual orientation, sex (gender), gender reassignment, age, pregnancy and maternity, marriage, and civil partnership.

Aim

Our provision actively promotes inclusion, equality of opportunity and the valuing of diversity.

Objectives

We support the definition of inclusion as stated by the Early Childhood Forum:

'Inclusion is the process of identifying, understanding and breaking down the barriers to participation and belonging.'

We interpret this as consisting of several tasks and processes in relation not only to children but also to parents and visitors in the setting. These tasks and processes include awareness and knowledge of relevant barriers to inclusion for those with a protected characteristic namely:

- disability
- gender reassignment
- pregnancy and maternity
- race
- religion or belief
- sexual orientation
- sex (gender)

- age
- marriage or civil partnership (in relation to employment)

This includes unlawful behaviour towards people with protected characteristics. Unlawful behaviour being direct discrimination, indirect discrimination, associative discrimination, discrimination by perception, harassment, and victimisation (in addition, we are aware of the inequality that users facing socio-economic disadvantaged may also encounter). We will not tolerate behaviour from an adult which demonstrates dislike and prejudice towards groups and individuals living outside the UK (**xenophobia**). This also applies to the same behaviour towards specific groups of people and individuals who are British Citizens residing in the UK.

We promote understanding of discrimination - through training and staff development - the causes and effects of discrimination on both adults and children and the long- term impact of discrimination; the need to protect children from discrimination and ensure that childcare practice is both accessible and inclusive; the need for relevant support to allow children to develop into confident adults with a strong positive self-identity.

- Developing practice that includes:
 - Developing an environment which reflects the 'kaleidoscope' of factors that can provide settings with a myriad of influences and ideas for exploring and celebrating difference.
 - Understanding, supporting and promoting the importance of identity for all children and recognising that this comprises multiple facets which are shaped by a 'kaleidoscope' of factors including British values, 'race'\ethnicity and culture, gender, difference of ability, social class, language, religion and belief, and family form and lifestyle, which combine uniquely in the identity of each individual; for example, we welcome and promote bi/multi-lingualism and the use of alternative communication formats such as sign language, and we promote gender equality while at the same time recognising the differences in play preferences and developmental timetables of girls and boys.
 - Recognising that this 'kaleidoscope' also reflects negative images which may be internalised and negatively affect the development of self-concept, self-esteem, and confidence.
 - Promoting a welcoming atmosphere that genuinely appreciate British values, different cultural and personal perspectives, without stereotyping and prejudicing cultures and traditions on raising children, by always involving parents.

- Promoting community cohesion and creating an environment that pre-empts acts of discrimination so that they do not arise.
- Recruitment of staff to reflect cultural and language diversity, disabled staff, and staff of both genders.
- Addressing discrimination as it occurs from children in a sensitive, age-appropriate manner to ensure that everyone involved understands the situation and are offered reassurance and support to achieve resolution.
- Challenging discriminatory behaviour from parents, staff or outside agencies or individuals that affect the well-being of children and the early years community.
- Creating an ethos within which staff work confidently within a culturally complex environment; learning when to change or adapt practice in the setting and having the confidence to challenge practice (including parental) that is not in the child's best interest, seeking support and intervention from agencies where appropriate.
- Ensuring that practitioners work closely with the Special Educational Needs Coordinator to make sure that the additional needs of all children are identified and met.
- We are aware of anti-discriminatory legislation and able to use it to shape the service and support parents and children against discrimination in the local community, for example, against asylum seekers, the Travelling community and same sex parents.
- We regularly monitor and review our practice including long-term preventative measures to ensure equality such as auditing of provision, formulating an equality plan, applying impact measurements and positive actions. In addition, short term measures such as recognition and assessment of children's additional support needs (e.g. impairment, home language, family hardship, specific family beliefs and practices), day-to-day activities, provision of suitable support and resources, activity programme and curriculum., assessment, recognition of special educational needs and developing inclusive relationships.

Aim

We are committed to safeguarding children, young people and vulnerable adults and will do this by putting young people and vulnerable adult's right to be '*strong, resilient and listened to*' at the heart of all our activities.

The three key commitments are:

NB: A 'young person' is defined as 16–19-year-old. In an early years setting, they may be a student, worker, or parent.

A 'vulnerable adult' (see guidance to the Care Act 2014) as: '*a person aged 18 years or over, who is in receipt of or may need community care services by reason of 'mental or other disability, age or illness and who is or may be unable to take care of him or herself, or unable to protect him or herself against significant harm or exploitation'*'. In early years, this person may be a service user, parent of a service user, or a volunteer.

- The 'designated person' and the 'designated officer' ensure that staff are aware and receive training in social factors affecting children's vulnerability including
 - social exclusion
 - domestic violence and controlling or coercive behaviour
 - mental illness
 - drug and alcohol abuse (substance misuse)
 - parental learning disability
 - radicalisation
- The 'designated person' and the 'designated officer' ensure that staff are aware and receive training in other ways that children may suffer significant harm and stay up to date with relevant contextual safeguarding matters:
 - abuse of disabled children
 - fabricated or induced illness
 - child abuse linked to spirit possession
 - sexually exploited children
 - children who are trafficked and/or exploited
 - female genital mutilation
 - extra-familial abuse and threats

- Safeguarding is the responsibility of every person undertaking the work of the organisation in any capacity.
- There are procedures for dealing with allegations of abuse against a member of staff, or any other person undertaking work whether paid or unpaid for the organisation, where there is an allegation of abuse or harm of a child. - There are procedures in place in relation to escalating concerns and professional challenge.
- There are procedures in place for working in partnership with agencies involving a child, or young person or vulnerable adult, for whom there is a protection plan in place. These procedures also take account of working with families with a 'child in need' and with families in need of early help, who are affected by issues of vulnerability such as social exclusion, radicalisation, domestic violence, mental illness, substance misuse and parental learning disability.
- These procedures take account of diversity and inclusion issues to promote equal treatment of children and their families and that take account of factors that affect children that arise from inequalities of race, gender, disability, language, religion, sexual orientation, or culture.

- There are procedures in place for record keeping, confidentiality and information sharing, which are in line with data protection requirements.

09 Childcare practice policy

Alongside associated procedures in 09.1-09.11 Childcare practice, this policy was adopted by Culham After School LTD on 01 Sept 2021.

Aim

Children are safe, happy, and eager to participate and to learn.

Objectives

- Babies and young children need to form a secure attachment to their key person when they join the setting to feel safe, happy and eager to participate and learn. It is their *entitlement* to be settled comfortably into a new environment.
- The needs of part-time children are considered.
- There is a procedure for when children do not settle and for prolonged absences.
- Introductions and induction of the parent is carried out before children start.
- *Prime times* of the day make the very best of routine opportunities to promote ‘tuning-in’ to the child emotionally and create opportunities for learning. We actively promote British values, inclusion, equality of opportunity and the valuing of diversity.
- We operate a positive behaviour management approach. Behaviour management procedures cover how staff should respond to all aspects of behaviour, including children who exhibit challenging behaviour towards other children. These procedures build on the Early Years Alliance’s approach to learning based on three key statements.
 1. Learning is a lifelong process, which enables children and adults to contribute to and shape their world.
 2. We want the curriculum we provide to help children to learn to:
 - be confident and independent
 - be aware of and responsive to their feelings
 - make caring and thoughtful relationships with other people
 - become increasingly excited by, interested in, and knowledgeable and questioning about the world around them.
 3. We provide a wide range of interesting child-chosen and adult-initiated activities which:
 - give children opportunities to use all their senses

- help children of different ages and stages to play together
- help children be the directors of their own learning
- help children develop an inquiring and questioning attitude to the world around them

The *Early Years Foundation Stage* is used as a framework to provide care and learning opportunities for babies and children under two years.

Older Children (2-5 years)

- To feel securely settled and ready to learn, children from two to five years need to form attachments with adults who care for them, primarily to a key person, but with other adults and children too. In this way children feel part of a community of learners; they can contribute to that community and receive from it. The three-stage model is applicable, but with some differences in the procedures for children moving up into the next group and for older children.

Waiting list and admissions

Our provision is accessible to children and families from all sections of the local and wider community. We aim to ensure that all sections of the community receive accessible information and that our admissions procedures are fair, clear, and open to all parents who apply for places. The availability of a place at the setting considers staff/child ratios, the age of the child and registration requirements.

- We endeavour to operate in an inclusive manner which enables all children and families to access our services.
- We also have regard for the needs of parents who are:
 - looking to take up work, remain in work or extend their hours of work
 - looking to commence training or education
- We work in partnership with the local authority and other agencies to ensure that our provision is accessible to all sections of the community.
- Services are widely advertised and information is accessible to all sections of the community.
- Where the number of children wanting places exceeds the number of places available a waiting list is operated using clear criteria for allocation of places as detailed in section 09.1 Waiting list and admissions procedure.

Funded places – free entitlement

All 3- and 4-year-olds in England are entitled to 15 hours free childcare each week for 38 weeks of the year. Some eligible 2 year olds are also entitled. Funded places are offered in accordance with national and local codes of practice and adherence to the relevant Provider Agreement/Contract with the local authority.

If staff or volunteers believe there is malpractice in the preschool, they should report this by following the correct processes. Their employment rights are protected and they cannot be victimised by the employer.

Whistle-blowers are protected for public interest, to encourage people to speak out if they find malpractice in an organisation or workplace.

Malpractice could be improper, illegal or negligent behaviour by anyone who works with or within the preschool.

When should the whistle-blowing procedure be used?

To be protected as a whistle-blower, a worker needs to make a 'qualifying disclosure' about malpractice. This could be a disclosure about:

- threats/risks to the welfare, health or safety of a child or adult
- criminal offences
- failure to comply with a legal obligation
- miscarriages of justice
- damage to the environment
- a deliberate attempt to cover up any of the above

It is the responsibility of all staff to report any improper, illegal or negligent behaviour in or connected with the preschool.

This procedure is appropriate where a worker has genuine concerns about activities in or connected with the preschool. It is not designed to replace or be used as an alternative to the grievance procedure.

The preschool's Safeguarding Policy must be followed where a disclosure is made relating to the safeguarding of a child.

Whistle-blowing protection applies where the person making a disclosure reasonably believes that the information disclosed, and any allegations contained in it, are substantially true. If any disclosure is made in bad faith, or concerns information which is not substantially believed to be true, or if the disclosure is made for personal gain, then such a disclosure will constitute a disciplinary offence.

If a disclosure is made in good faith, but is not confirmed by any subsequent investigation, then no action will be taken against the whistle-blower.

Victimisation of an individual for raising a disclosure will be a disciplinary offence.

Action to be taken by the whistle-blower:

- Concerns should normally be reported in the first instance to the line manager. If this is not possible / appropriate, they should be reported to the owner.
- Concerns can be reported verbally or in writing, and should include information about the malpractice and reasons for concern.
- The whistle-blower may nominate a colleague to be present during meetings in connection with the concerns raised.

Action to be taken by the preschool

- The preschool must investigate any matter raised under this procedure thoroughly, promptly and confidentially.
- The preschool's managing body must decide whether the matter falls within the scope of the preschool's other policies and procedures.
- The preschool's managing body will investigate the matter and take action as appropriate.
- If the whistle-blower or anyone else connected with the preschool is asked or instructed to cover up malpractice, this is itself a disciplinary offence.

- If malpractice is revealed as a result of any investigation under this procedure, the preschool's disciplinary procedure will be used, in addition to any appropriate external measures.
- The whistle-blower will be informed of the outcome.
